

## **You Are the Tool**

We are in the end times, and we are seeing a rising persecution against Christians. The governments of the world are shutting churches down, due to the pandemic. And in a different type of pandemic, the apostate churches of the world are kicking God out their institutions, due to sin. Outspoken Christians are being cancelled, shamed and removed from social media, and the culture. It's getting hard to find a good church, and they are becoming fewer and fewer. We can see what's coming, the true followers of Jesus are being forced to go underground.

This situation is leaving a vacuum, many people don't know where to go, or what to do. That is why we are offering essential teachings for people to stockpile into the storehouses of their mind, so that during the times of a famine of the word of God, they will have spiritual food for themselves, and others.

Given the current spiritual conditions around us, if you are not happy in your church, or you can't find a good church, it may be that the solution is not found in a building, because **you are the church!** May we make a suggestion? Invite people to your home, or out for a coffee, and create your own fellowship group, and you **be the church.**

You can make a difference; Jesus wants to equip you to be his disciple, and then use you to make other disciples, as he commanded, (Matt 28:19). This study is just one tool in your tool box. The more tools you have, and the more you use them, the more likely Jesus will say to you, "well done thou good and faithful servant". The studies in the tool box series are written in outline form, and can be shared digitally, without needing to make print outs. The highest priority is given to the scriptures with minimal interpretations, so that the Bible speaks for itself.
